College Students Love to Pet Pets

- Why not let people share their pets for the rest of the campus to enjoy?
- Our app PupsToPet allows like-minded pet lovers to either share their pet for petting and fun pet-related activities, or find pets on campus to pet

Fun or Interesting Stuff

- Templates

- Using forms to get data from the front end to the database

Easy stuff

- Building skeleton

- Implementing models

Challenges

- Editing Models
- Automatically generated names
- Using forms to move data
- Styling forms
- Learning how to import external Django libraries
- Navigating

Future Work

- Search and filter functionality for events

- Password recovery

- UI overhall
